### Description

**AUTO DISH LIQUID** is a non-caustic alkaline detergent suitable ONLY for use in automatic dishwashers or crate washers via an electronic dosing system.

This product has good soil removal characteristics being low foaming and free rinsing, suitable for use where hard water is evident.

### Directions for Use

**AUTO DISH LIQUID** is only to be used in auto dish or crate washing machines and ONLY dispensed via automatic dosing equipment.

Can be used as a CIP cleaner.

DO NOT manually feed into automatic dishwashers or use for washing dishes by hand.

**AUTO DISH LIQUID** should be dispensed at a rate of 1-3ml per litre of water depending on soils and water hardness.

### Safety Information

**AUTO DISH LIQUID** is NOT classified as hazardous according to GHS criteria.

Please refer to the Safety Data Sheet (SDS) for full First Aid procedures before using this product.

**Packaging** - 5lt

**PFD ORDER CODE:**
