### Description

**Bleach Lemon Scent** is a clear liquid containing 4% w/w available chlorine. Bleach Lemon Scent may be used for bleaching, stain removal, disinfection and deodorising.

### Directions for Use

**Disinfecting / deodorising** – add 50ml per litre of water for cleaning prep surfaces, bathrooms and general organic waste containers.

**Laundry** – can be used for whites and colourfast cottons. If unsure, test colour fastness on a hidden seam.

**Stain Removal** – add 50ml per litre of cold water. Soak for a minimum of 5 minutes.

**Whitening** – add 5ml per litre of wash water for bleaching in washing machines. Do not allow concentrated product to come in contact with clothes.

### Safety Information

**Bleach Lemon Scent** is NOT classified as hazardous according to GHS criteria.

Please refer to the Safety Data Sheets (SDS) for full First Aid procedures before using this product.

**DO NOT MIX WITH ANY OTHER CHEMICAL**

**Packaging** - 5lt, 15lt

**PFD CODE: 047960 (3X5lt)  
047961 (15lt)**
