Description

Dishwash & Pre-soak Powder is an alkaline base detergent powder with low foaming surfactants and soil suspension agents to handle all warewashing in commercial and household conditions.

The product can also work as a presoaker for removing stains, plus it can be used to clean out Deep Fryers.

Directions for Use

Use at rate of 3-5 grams per litre of water in machine. Add directly to the machine or via dispensing cup.

As a soak use at a rate of 3 grams per litre of warm water. Allow to stand for 15 minutes, remove and rinse with potable water.

Safety Information

Dishwash & Pre-soak powder is classified as an 'IRRITANT' according to GHS criteria.

Please refer to Safety Data Sheets (SDS) for full First Aid procedures before using this product.

Avoid breathing in dust.
