

Infosafe No™ VAR2X                      Issue Date : March 2016                      ISSUED by SUSTAINA

Product Name **ACTIVATE BLEACH LEMON SCENT**

## 1. Identification

**GHS Product Identifier**                      ACTIVATE BLEACH LEMON SCENT

**Company Name**                              Sustainable Cleaning Solutions Pty Ltd

**Address**                                        6 Lakewood Boulevard Braeside  
VIC 3195 Australia

**Telephone/Fax Number**                      Tel: (03) 9580 2499  
Fax: (03) 9580 2488

**Emergency phone number**                      0417 807 780

**Recommended use of the chemical and restrictions on use**                      As a bleaching and sanitising agent.

## 2. Hazard Identification

**GHS classification of the substance/mixture**                      Eye Damage/Irritation: Category 2B  
Skin Corrosion/Irritation: Category 2

**Signal Word (s)**                                WARNING

**Hazard Statement (s)**                              H315 Causes skin irritation.  
H320 Causes eye irritation

**Precautionary statement – General**                      P102 Keep out of reach of children.  
P103 Read label before use.

**Pictogram (s)**                                      Exclamation mark

**Precautionary statement – Prevention**                      P264 Wash contaminated skin thoroughly after handling  
P280 Wear protective gloves/protective clothing/eye protection/face protection.

**Precautionary statement – Response**                      P302+P352 IF ON SKIN: Wash with plenty of soap and water.  
P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.  
P332+P313 If skin irritation occurs: Get medical advice/attention.  
P337+P313 If eye irritation persists: Get medical advice/attention.  
P362 Take off contaminated clothing and wash before reuse.

**Precautionary statement – Storage**                      P404 Store in a closed container.

**Precautionary statement – Disposal**                      P501 Dispose of contents/container: Recycle packaging by replacing cap and returning clean containers to recycler or designated collection point.

## 3. Composition/information on ingredients

Ingredients	Name	CAS	Proportion
	Water	7732-18-5	60-100 %
	Other ingredients determined not to be hazardous	Not required	0-10 %
	Sodium hypochlorite	7681-52-9	0-5 %

## 4. First-aid measures

**Inhalation**                                        Remove from exposure, rest and keep warm. In severe cases, obtain medical attention.

**Ingestion**                                        Immediately rinse mouth with water. Do NOT induce vomiting. Slowly give

# Safety Data Sheet

infosafe  
CS: 1.11.6

Infosafe No™ VAR2X Issue Date : March 2016 ISSUED by SUSTAINA

Product Name **ACTIVATE BLEACH LEMON SCENT**

---

<b>Skin</b>	water to drink. Seek medical assistance. If skin contact occurs, remove contaminated clothing and wash skin thoroughly. If swelling, redness, blistering, or irritation occurs seek medical advice.
<b>Eye contact</b>	If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor.
<b>First Aid Facilities</b>	Eye wash station and normal washroom facilities.
<b>Advice to Doctor</b>	Product is a solution of sodium hypochlorite. If swallowed, may lead to fall in blood pressure. Treat with antacids to neutralise hypochlorous acid formed in the stomach, then as for alkaline materials. Onset of pulmonary oedema, following inhalation overexposure, may be delayed. Treat symptomatically. Contact Poisons Information Centre.

---

## 5. Fire-fighting measures

---

<b>Suitable extinguishing media</b>	Use extinguishing media appropriate to surrounding fire.
<b>Hazards from Combustion Products</b>	Chlorine, water vapour, sodium hydroxide, sodium carbonate, sodium chloride.
<b>Specific Methods</b>	In case of small fire/explosion use water. In case of major emergency use PPE: breathing apparatus and protective gloves.
<b>Specific hazards arising from the chemical</b>	May form explosive products with primary aliphatic or aromatic amines, methanol and with nitrites. Contact with acids will generate chlorine, a toxic and corrosive gas. May react vigorously or violently with oxidising agents, reducing agents and metal salts.
<b>Other Information</b>	Avoid contact with coloured fabric as Chlorine may bleach colour out. May give off dangerous gas if mixed with other products.

---

## 6. Accidental release measures

---

<b>Spills &amp; Disposal</b>	Disposal of small spillages only. For large spillages liquids should be contained using sand or earth, and both liquids and solids then transferred to salvage containers. Residues should be treated as for small spillages. CAUTION: Before dealing with spillage take necessary protective measures, inform others to keep at a safe distance and, for flammable materials, shut off all possible sources of ignition. If local regulations permit, mop up with plenty of water and run to waste, diluting greatly with running water. Otherwise absorb on inert absorbent, transfer to sealed container and arrange removal by disposals company. Wash site of spillage thoroughly with water and detergent. Ventilate area to dispel any residual vapours.
------------------------------	---

---

## 7. Handling and storage

---

<b>Conditions for safe storage, including any incompatibilities</b>	Store in a cool, well ventilated place, out of reach of children. Large quantities should be stored in a bunded dangerous goods store. Store in original container. Never store in unlined metal containers. Keep container tightly closed. Keep out of direct sunlight. Keep away from combustible materials. Keep away from acids. Keep away from metals and their salts. Keep away from aliphatic and aromatic amines. Keep away from methanol and nitrites. Keep away from oxidising and reducing agents. Prevent vapours from collecting in enclosed spaces. Protect from physical damage. Clean up all spills and splashes promptly; avoid secondary accidents.
---	---

---

## 8. Exposure controls/personal protection

---

<b>Appropriate engineering controls</b>	Prevent direct contact with metals. Local mechanical exhaust/extraction usually required to keep airborne contamination as low as possible.
<b>Personal Protective Equipment</b>	Prevent contact with the eyes. Avoid contact with the skin. Avoid breathing the vapours. Personal protection to be selected from those recommended below, as appropriate to mode of use, quantity handled and degree of hazard:- Safety glasses Gloves, rubber or plastic Always maintain a high level of personal hygiene when using cleaning

Infosafe No™ VAR2X Issue Date : March 2016 ISSUED by SUSTAINA

Product Name **ACTIVATE BLEACH LEMON SCENT**

chemicals. That is wash hands before eating, drinking, smoking or using the toilet.

## 9. Physical and chemical properties

<b>Form</b>	Liquid
<b>Appearance</b>	Clear slightly yellow liquid
<b>Odour</b>	Smell of lemon and chlorine.
<b>Boiling Point</b>	100C
<b>Solubility in Water</b>	Miscible with water in all proportions.
<b>Specific Gravity</b>	1.1
<b>pH</b>	11.5 - 12.5
<b>Vapour Pressure</b>	Not available.
<b>Flash Point</b>	None
<b>Flammability</b>	Not flammable. Moderate oxidiser.
<b>Other Information</b>	Oxidiser. Contact with combustible material may cause fire. Contact with acids will generate chlorine, a toxic and corrosive gas. May react violently with reducing agents. Can react with primary aliphatic and aromatic amines, methanol and nitrites to give explosive products. May react vigorously with oxidising agents. Incompatible with most metals. Will decompose on standing, generating chlorine. Decomposition will be accelerated by contamination and by exposure to sun light. May react vigorously with peroxides and metal salts. On long storage, may generate pressure inside sealed containers. Open cautiously.

## 10. Stability and reactivity

<b>Hazardous Decomposition Products</b>	Decomposes on heating to emit toxic fumes. Heating can cause expansion of containers or decomposition leading to violent rupture of containers. Reacts vigorously with acids to produce dangerous levels of gaseous chlorine. Reacts with amines, ammonium salts, aziridine, methanol, phenylacetonitrile, metal salts, peroxides and reducing agents.
<b>Possibility of hazardous reactions</b>	My form toxic oxides of Chlorine if involved in a fire.

## 11. Toxicological Information

<b>Acute Toxicity - Oral</b>	LD50: Sodium Hypochlorite 8910 mg/kg oral, rat
<b>Acute Toxicity - Inhalation</b>	LC 50 : Chlorine 293 ppm/1 hour rat LCLo : Chlorine 2,530 mg/m3/30 minutes human
<b>Ingestion</b>	Will cause irritation and corrosion of the mouth, throat and gastrointestinal system. May cause pain and vomiting.
<b>Inhalation</b>	Inhalation of chlorine gas at 1 ppm will irritate the mouth, nose and throat. Above 1.3 ppm, vapours may cause coughing and difficulty breathing. Risk of delayed onset of pulmonary oedema (fluid in the lungs).
<b>Skin</b>	Short contact may cause irritation. On longer contact risk of chemical burns.
<b>Eye</b>	Severe irritant. Risk of permanent damage.
<b>Chronic Effects</b>	Repeated skin contact may lead to dermatitis or 'chloracne'. Repeated, low level exposure to chlorine vapours may cause corrosion of the teeth.

## 12. Ecological information

<b>Information on Ecological Effects</b>	Harmful to aquatic life.
<b>Environmental Protection</b>	Avoid contaminating waterways, drains, sewers, or ground.

Infosafe No™ VAR2X                      Issue Date : March 2016                      ISSUED by SUSTAINA

Product Name **ACTIVATE BLEACH LEMON SCENT**

---

### 13. Disposal considerations

---

**Waste Disposal**                      Land fill, sewer (small quantities). Refer to Land Waste Management Authority in your State.

---

### 14. Transport information

---

**Transport Information**                      Not classified as a Dangerous Good according to the Australian Code for the Transport of Dangerous Goods by Road and Rail. Store away from acids.

---

### 15. Regulatory information

---

**Poisons Schedule**                      Not Scheduled

---

### 16. Other Information

---

**Signature of Preparer/Data Service**                      Technical Manager 03 9580 2499

**Technical Contact Numbers**                      Emergency Advice All Hours:  
General Manager Tel: 0417 807 780 Mon-Fri 8am - 6pm  
Poisons Information Centre: 13 11 26 - 24hrs

**Other Information**                      This SDS summarises at the date of issue our best knowledge of the health and safety hazard information of the product, and in particular how to safely handle and use the product in the Workplace. Please refer to the technical datasheet (Instructions for use), and the label on the drum. The company cannot anticipate or control the individual working conditions encountered and so each user should read this SDS carefully, and if in doubt ring the Contact Point Number given below.
