### **Description**

Dishwash & Pre-soak Powder is an alkaline base with low foaming surfactants and soil suspension agents to handle all warewashing in commercial and household conditions. The product can also work as a presoaker for removing stains

### **Directions For Use**

Use at rate of 3-5 grams per litre of water in machine. Add directly to the machine or via dispensing cup.

As a soak use at a rate of 3 grams per litre of warm water. Allow to stand for 15 minutes, remove and rinse with potable water.

### **Safety Information**

Dishwash & Pre-soak powder is an alkaline substance. If poisoning occurs, contact a doctor or Poisons Information Centre, Australia on 13 11 26. If in eyes hold open and flood with water for a minimum of 15 minutes. If swallowed do not induce vomiting. Give water to drink and seek medical attention. If skin contact occurs, remove contaminated clothing and wash skin thoroughly.
