Description

Dishwash Rinse Additive is a non hazardous, low foaming detergent for use in commercial automatic dish and pot washers. The products unique blend of water softeners allows it to work effectively in hard water areas.

Directions For Use

Dishwash Rinse Additive with Commercial Dishwashers –
Use only through automatic dispensing equipment. Use at 5-8ml per rinse cycle.

Dishwash Rinse Additive with Domestic Dishwashers – fill small reservoir to full mark. Use rubber gloves when manually dispensing.

Safety Information

Although Dishwash Rinse Additive is classified non hazardous, contact of the concentrate with the skin and eyes should be avoided.

If poisoning occurs contact a doctor or Poisons Information Centre, Australia on 13 11 26. If in eyes, hold eyes open and flood with plenty of clean water - seek medical advice if necessary. If swallowed do not induce vomiting, give water to drink and seek medical attention. If skin contact occurs wash area thoroughly with clean water

Packaging - 5lt
