### **Description**

Hand Soap Antibacterial is an odourless, germicidal liquid hand cleaner designed specifically for use in food preparation areas. Hand Soap Antibacteria has AQIS approval and will clean, soften and protect skin against cracking & drying.

### **Directions For Use**

#### **ALWAYS WET HANDS FIRST**

Place a small amount of Hand Soap Antibacterial onto hands. Rub hands well paying particular attention to areas around the fingernails. Rinse off with water and either air dry or wipe with a paper towel.

### **Safety Information**

When container is not in use, ensure container is closed.

Although Hand Soap Antibacterial is classified non hazardous, prolonged contact of the concentrate with the skin and eyes should be avoided.

If poisoning occurs contact a doctor or Poisons Information Centre, Australia on 13 11 26. If in eyes, hold open and flood with plenty of clean water – seek medical advice if necessary. If swallowed do not induce vomiting, give water to drink and seek medical attention.

### **Packaging** - 5lt

**PFD ORDER CODE:**
