### **Description**

Laundry Liquid can be used for all laundry applications. It is a mild liquid with neutral formulation. The unique sugar soap enhanced formulation makes it as effective as traditional surfactant based products.

### **Directions For Use**

Stain removal can be enhanced by rubbing some product directly onto the stained area prior to washing (it is recommended to always test colour fastness on a hidden area of the fabric first)

Top loading machines: use 80ml for normal soil and 100 - 120ml for dirty loads.

Twin tubs and front loaders: use 60ml for normal soil and 80 - 100ml for dirty loads.

### **Safety Information**

If poisoning occurs contact a doctor or Poisons Information Centre, Australia on 13 11 26. If in eyes, hold eyes open and flood with plenty of clean water - seek medical advice if necessary. If swallowed do not induce vomiting, give water to drink and seek medical

Although Laundry Liquid is classified non hazardous, contact of the concentrate with the skin and eyes should be avoided. attention. If skin contact occurs wash area thoroughly with clean water.
